1.5 Outstanding Recurrent Related Party Transaction (“RRPT”) Receivables

As at LPD, there are no outstanding RRPT Receivables.

1.6 Review and Disclosure Procedures for the Recurrent Transactions

The Company has implemented the review and disclosure procedures for the Recurrent Transactions to ensure that the Recurrent Transactions are conducted on arm’s length basis and are based on normal commercial terms consistent with the Company’s usual business practices and are on transaction prices and terms that are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company.

To monitor the Recurrent Transactions, the following review and disclosure procedures have been implemented: -

- (i) the management of UCrest will ensure that the Recurrent Transactions will only be entered into after taking into account the pricing, expertise and other related factors. The transaction prices, which are on negotiated basis, will be determined by market forces, similar to those prices for transactions with unrelated third parties, and references will be made to surveys and/or valuations to be undertaken to gather information on market prices;
- (ii) a register will be maintained by the Company to record all the Recurrent Transactions and will be made available to the Audit Committee for its quarterly review;
- (iii) wherever possible, at least 2 other contemporaneous transactions with unrelated third parties for similar products/services and /or quantities will be used as comparison, to determine whether the price and terms offered to/by related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities.

However, for certain transactions, the terms of the transaction (including pricing) cannot be compared with unrelated third parties as there are no unrelated customers and provider for similar products or services. The terms of these transactions thus, are negotiated on a willing buyer willing seller basis and based on the Group’s usual business practices. Nevertheless, the Company will ensure that the Recurrent Transactions are not detrimental to the Company or UCrest Group.

The threshold for the relevant approving authority in relation to the Recurrent Transactions are as follows: -

- (i) transactions which are RM25,000 and below in value, will be reviewed and approved by the Executive Director(s) or two senior executives (not being a person connected to the Related Party) designated by the Audit Committee from time to time for such purpose and tabled for review by the Audit Committee on a quarterly basis;
- (ii) transactions which are above RM25,000 in value will be reviewed and approved by the Audit Committee.

Subsequent to the review and/or approval of all the Recurrent Transactions, these Recurrent Transactions will be reported to the Board to ensure that they are properly transacted and monitored.

- (iv) the Audit Committee will undertake a periodic review of the Recurrent Transactions to ensure that such transactions are undertaken at arm's length, on normal commercial terms, on terms not more favourable to the Related Parties than those generally available to the public and are not, in the Company's opinion, detrimental to the minority shareholders of the Company. In its review and approval of such transactions, the Audit Committee may, as it deems fit, request for additional information pertaining to the transactions from independent sources or professionals; and
- (v) in the case of Recurrent Transactions where any of the Director has a direct or indirect interest, he shall abstain from all deliberations and voting in respect of the said transaction. Where any members of the Audit Committee are interested in any transactions, that member shall abstain from voting in any matter relating to any decision to be taken by the Audit Committee with respect to such transactions.

1.7 Statement by the Audit Committee

The Audit Committee of the Company has seen and reviewed the procedures mentioned in Section 1.6 above and is of the view that the said procedures are sufficient to ensure that the Recurrent Transactions are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company. UCrest Group has in place adequate procedures and processes to monitor, track and identify Recurrent Transactions in a timely and orderly manner, which procedures and processes are reviewed on a quarterly basis by the Audit Committee. Any member of the Audit Committee who is interested in any Recurrent Transactions shall not be involved in the review of the said transaction.

Furthermore, the Audit Committee of the Company shall also have the discretion to request for additional procedures to be followed if it considers such a request to be appropriate.

1.8 Disclosure in the Annual Report

Disclosure shall be made in the Company's annual report of the aggregate value of the Recurrent Transactions during the financial year, stating: -

- (i) the types of the Recurrent Transactions made; and
- (ii) the names of the Related Parties involved in each type of the Recurrent Transactions made and their relationships with the Company,

and in the annual reports for the subsequent years that the Proposed Mandate continues to be in force.

2. RATIONALE OF THE PROPOSED MANDATE

The Recurrent Transactions are in the ordinary course of business of the Group and are undertaken at arm's length on normal commercial terms and on terms no more favourable to the Related Parties than those generally available to the public. They are likely to occur to some degree of frequency and arise at any time and from time to time.

The Proposed Mandate will enhance the ability of the Group to pursue business opportunities which are time-sensitive in nature and will eliminate the need for UCrest to announce and convene separate general meetings on each occasion to seek prior approval of the shareholders of the Company for the Recurrent Transactions. This will substantially reduce the expenses associated with convening general meetings on an ad hoc basis, improve administrative efficiency considerably and allow resources and time to be channelled towards attaining corporate objectives.

The Group should have access to all available markets, including the Related Parties. The Recurrent Transactions are intended to meet the business needs of the Group at the best possible terms. By transacting with the Related Parties, the Group would have an advantage of familiarity with the background, financial well-being and management of the Related Parties, thus enabling more informed commercial decisions to be made. In most dealings with the Related Parties, the Group and the Related Parties have a good understanding of each other's business needs and expectations thus providing a platform where all parties can benefit from conducting the Recurrent Transactions.

3. DIRECTORS' AND MAJOR SHAREHOLDERS' INTERESTS

Save as disclosed below, none of the Directors and/or major shareholders and persons connected to them as defined in the Listing Requirements, has any interest, direct and indirect, in the Proposed Mandate.
